INTRODUCTION

Enterprise Manager is a component of CrunchTime! where Franchisees and their designated Above Restaurant Management can setup Net-Chef, BizIQ, and TeamworX access, if they elect to use this optional functionality, as well as manage payroll exports if applicable.

KEY POINTS

- Can access Net-Chef, TeamworX, and BizIQ from Enterprise Manager module if you elect to use this optional functionality.
- Utilize Support and Show Me How online help features.
- Dashboard with real-time sales data from your POS system(s).

TECHNOLOGY REQUIREMENTS

Operating Systems:

- Windows 7
- Windows 10

Compatible browsers:

- Chrome (preferred)
- Internet Explorer 10.0
- Edge
- Internet Explorer 11.0
- Firefox
- Safari

LOGGING IN

For all CrunchTime! modules and apps, you can use your unique CrunchTime! URL to log in. The unique URL will be provided to the Franchisee via email by NCR once your Network is setup.

1. Log into Net-Chef using your unique URL.
2. Enter login credentials provided by NCR (or the Franchisee if you are a Above Restaurant Leader or Restaurant Manager).
Note: The Franchisee will receive credentials via email from NCR.
3. Select Sign In.

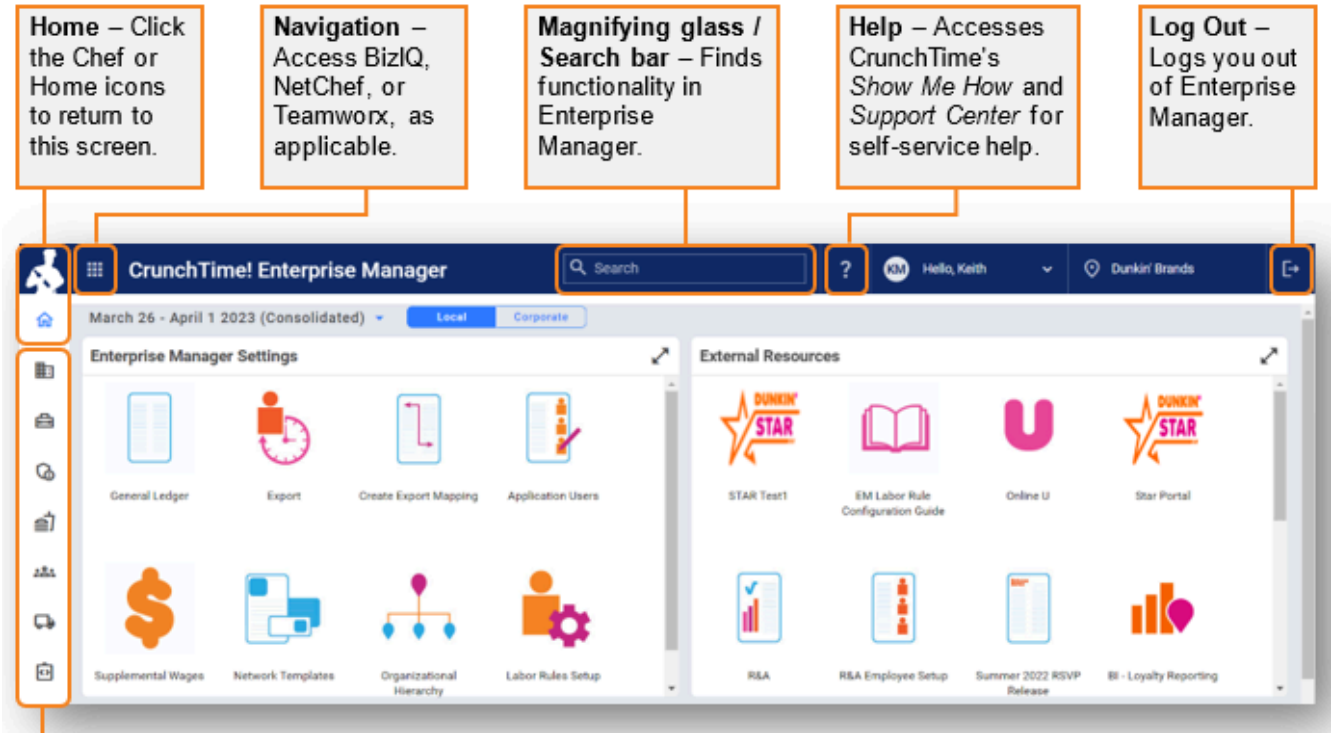

SUPPORT

If you need help, please contact Unified Service Desk (USD) 800-700-1225.

OVERVIEW

Enterprise Manager is a component of CrunchTime! that is utilized most frequently by Franchisees and their Multi-Unit Leaders. Consolidated reporting as well as administrative functions such as hierarchy configurations are controlled in Enterprise Manager.

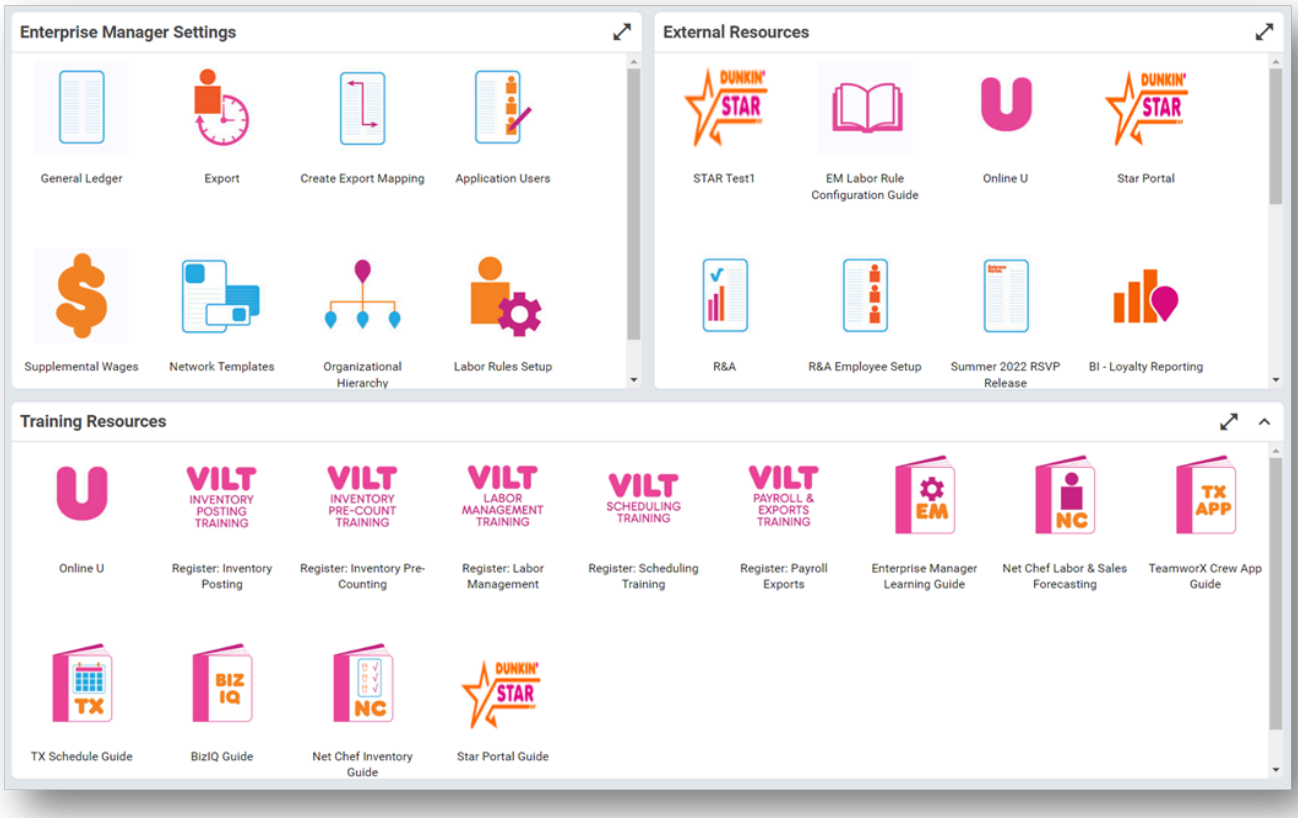

Dashboard

Quick Links

The **Quick Links** section on the Dashboard is a way to get to frequently visited places in or outside of Enterprise Manager quickly.

Note: The quick links section provides access to information and access for Franchisees to configure Labor Rules. Franchisees are solely responsible for compliance with all applicable laws, including but not limited to wage and hour laws, and their set up and use of this system.

Performance Metrics (Consolidated)

If your user is assigned to a configured hierarchy in your system then that user will see a consolidated view of the Performance Metrics in your network. The metrics displayed are based on your set up selections, the data you have entered and data your employees have entered into the system.

Performance Metrics

Metric	Saturday 06/03/2023	Sunday 06/04/2023	Monday 06/05/2023	Tuesday 06/06/2023	Wednesday 06/07/2023	Thursday 06/08/2023	Friday 06/09/2023	Week-to-Date	Period-to-Date

FINANCIAL CALENDAR

The Financial Calendar has a default set up that aligns with the Dunkin' Brands fiscal calendar. If you operate your business on a non-traditional calendar, contact the USD: 1-800-700-1225.

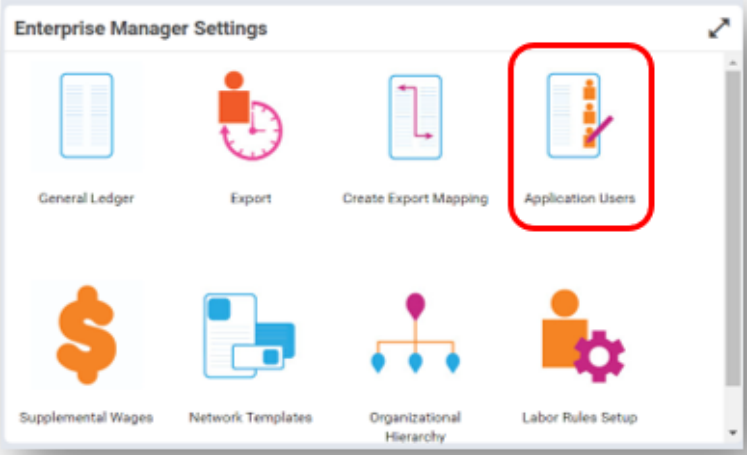

Note: It is recommended to remain in alignment with the Dunkin' Brands default fiscal calendar which can help to avoid mismatched data.

ADDING APPLICATION USERS

To add users for CrunchTime!:

1. Select the **Application Users** icon from the EM Quick Links box on your Enterprise Manager Dashboard.

Result: All Active users will display.

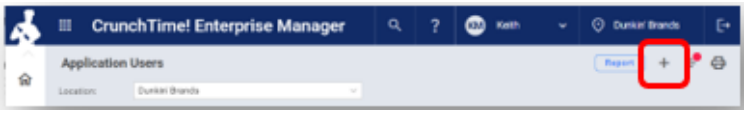

2. Select your **Network Name** from the **Location** drop-down menu.

Note: If you do not have the **Network Name** selected, you will not be able to add new users to desired location(s).

All added Location will be reflected in the next morning's run after the change is made.

3. Select the **plus sign** icon **(+)**.

4. On the **User** tab, enter user information into required fields.

Required Fields	Notes
First & Last Name	User's first and last name.
User ID	Must be unique in your network.
User Group	User Group Access Levels are detailed on the following page.
Email	It is recommended to include an email address with every account to enable password reset if needed later.
Password	• Must be 8-16 characters long • Contain at least one of each of the following: lower case character, upper case character, number, and special characters. • Cannot be the same password as the last four passwords *Note: Users will be prompted to change password the first time they log in.

*Note: CrunchTime! allows you to create an account without an email address. However, it is recommended to include an email address with every account to enable password reset if needed at a later date.

5. Select the applicable **User Group** from the drop-down menu.

Note: User Group Access Levels are detailed below.

User Group Access Rights	User Group Positions				
	Shift Leader	Assistant Manager	Restaurant Manager	Multi-Unit Manager	Franchisee
Create Application Users				X	X
Hierarchy Configuration				X	X
Edit Net-Chef Dashboard Layout					X
Review & Export Time Punch Edits, if applicable			X	X	X
Schedule Exports					X
Export Payroll Data				X	X
Perform Inventory	X	X	X	X	X

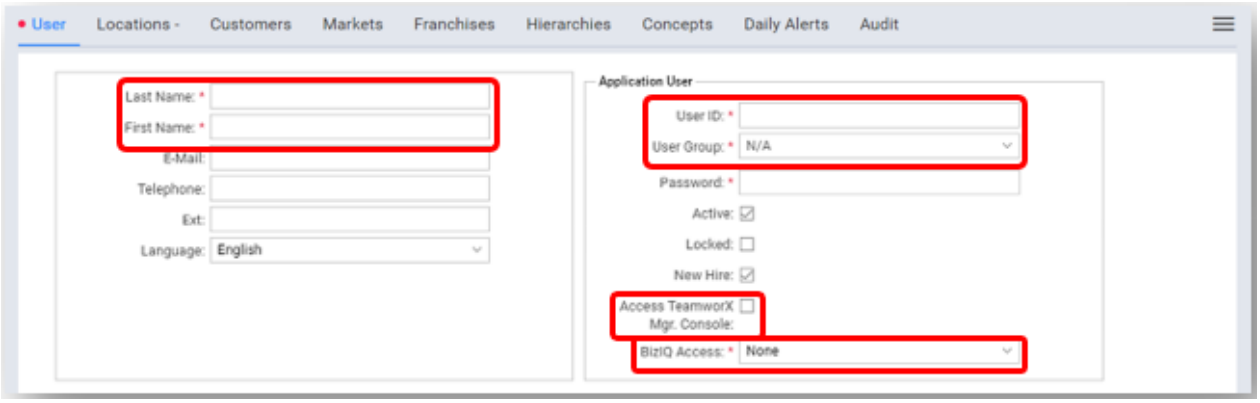

6. Select the **Access TeamworX Mgr. Console** check box if you want the user to have access to Manager level functions in TeamworX.

7. Select **Consumer** for the **BizIQ Access** level from the drop-down menu if you would like the user, for example a Restaurant Manager, to be able to view reports on the Net-Chef Dashboard, such as **Hot Holding.**

BizIQ Roles and Access Levels

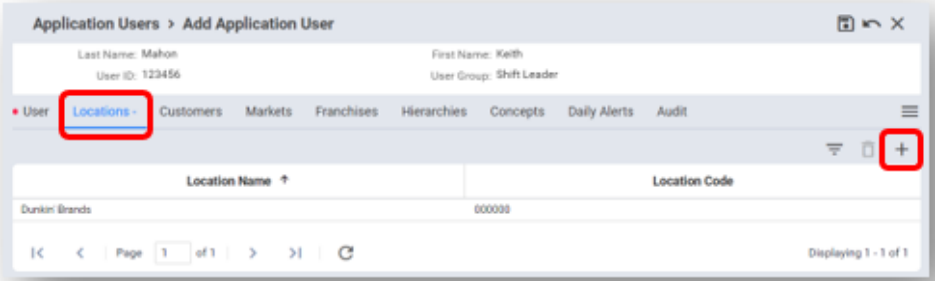

Access Level	Create Reports	Modify Reports	View Reports
Power User	✓	✓	✓
Analyst		✓	✓
Consumer			✓

Note: Each restaurant is allotted only two BizIQ licenses.

8. Select the **Locations** tab.

9. Select the **plus sign** icon **(+)** to assign the location(s) the user should have access to.

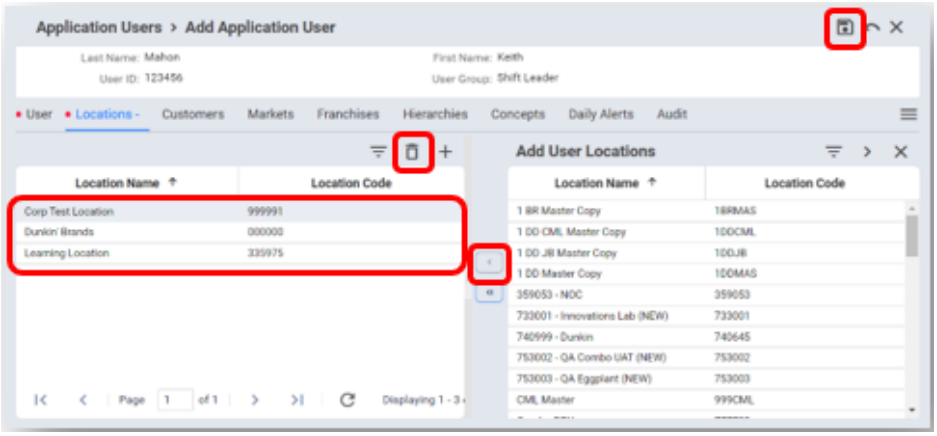

Result: A pop-up window will expand on the right side of the screen with a list of locations assigned to your network.

10. Select all applicable locations.

Notes:

- You can select multiple consecutive **locations** while holding **Shift** on your keyboard so they highlight it blue.
- To select multiple locations not consecutive, hold **Ctrl** on your keyboard instead of Shift.
- Select the **single arrow** in the middle of the page to move the locations you have selected over to the user.
- To assign all stores in your network to a user, click the **double arrow**.

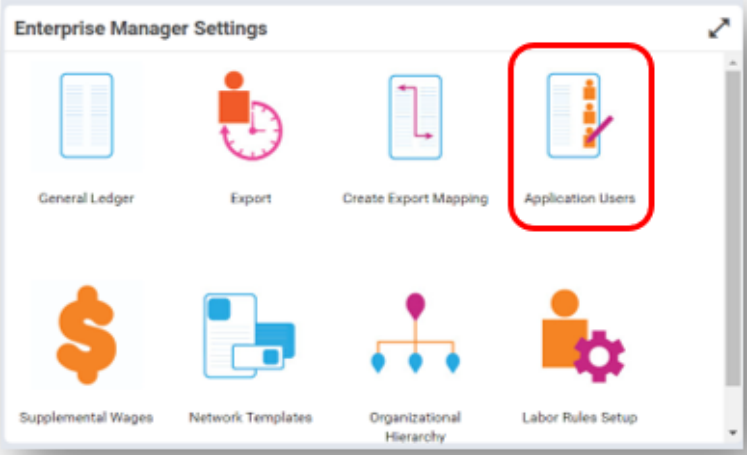

11. To remove a location from a user, select the location row so it is highlighted in blue. Then select the **trash can** icon.

12. Select the **Save** icon.

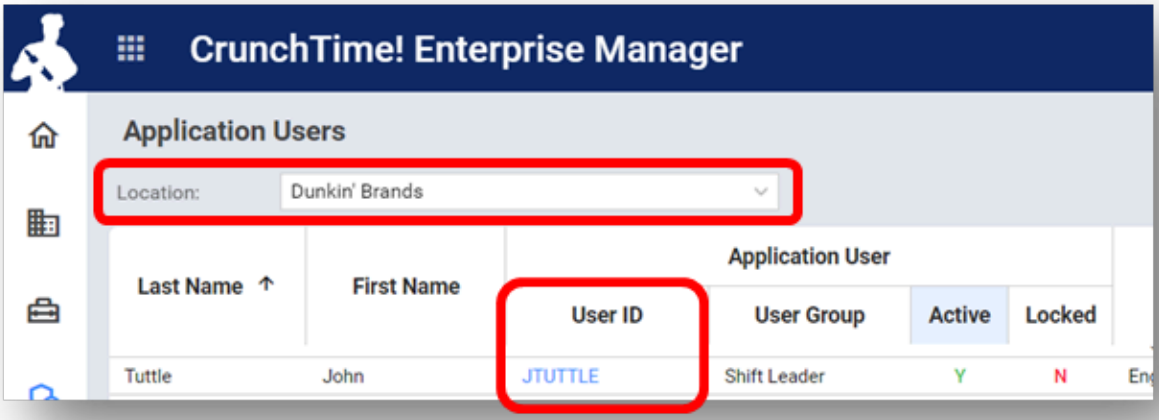

To terminate users in CrunchTime!:

1. Select the **Application Users** icon from the EM Quick Links box on your Enterprise Manager Dashboard.

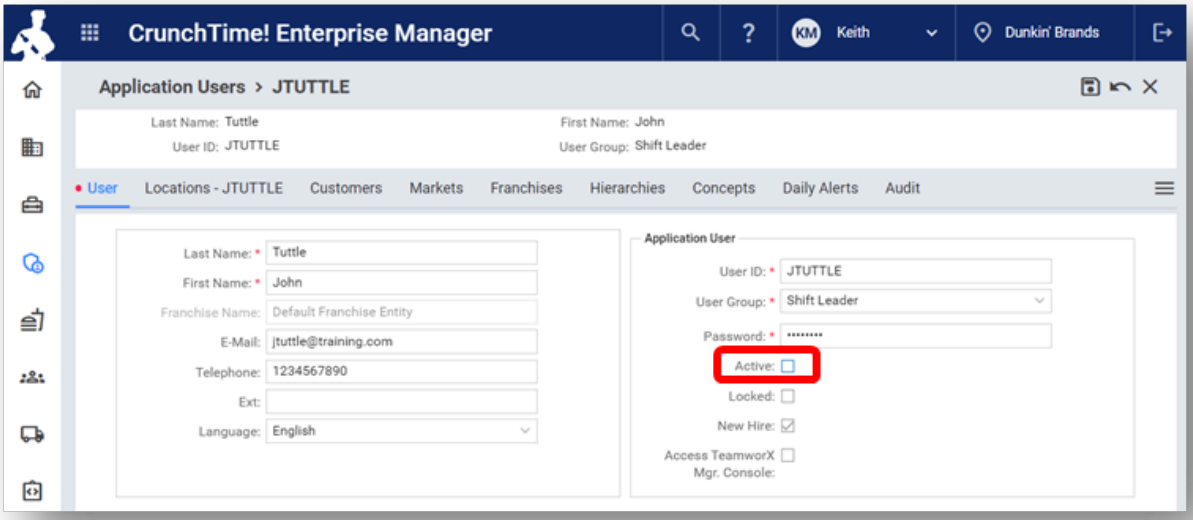

Result: *All Active users will display.*

3. Select your **Network Name** from the **Location** drop-down menu.
4. Select the employee User ID you wish to terminate access.

5. Uncheck the **Active** box.
6. Unassign BizIQ access if license was previously assigned from the drop-down menu.
7. Select **Save**.

Note: Franchisees are responsible for promptly terminating access of employees who leave their organization.

USER ACCESS LEVEL

User Group Access Rights					
Position Selected in Net-Chef	**Create Application Users**	**Hierarchy Configuration**	**Edit Net-Chef Dashboard Layout**	**Review & Export Time Punch Edits, if applicable**	**Perform Inventory**
Shift Leader					X
Assistant Manager					X
Restaurant Manager				X	X
Multi-Unit Manager	X	X		X	X
Franchisee	X	X	X	X	X
